CampusArt is a network of French institutions offering university level programs in the fields of art and architecture, led by Campus France with the support of the French Ministries of Education, Higher Education, Research and Innovation, Europe and Foreign Affairs, and Culture.

The website <http://www.campusart.org/> gives access (under specific conditions) to various degrees in a wide range of schools (visual arts, cinema, design, visual communication, fashion, music, architecture...): preparatory classes, Bachelor's, Master's, Post-Master's and Doctorate's levels.

A unique online application process enables students to apply for degrees in more than 130 schools and universities.

An answer will be given on March 2020 (warning: applications will be closed at the February 28, 2020) which enables to prepare the stay as soon as possible.

This online service is totally free until the applicant decides to accept a degree's suggestion.

This online application process is available everywhere in the world. CampusArt does not substitute for "Etudes en France" procedure that enables student to obtain a French visa.
